IBM IBM Entry Level High Volume Storage and Sales

Practice Exam: 000-117

Exam Number/Code: 000-117

Exam Name: IBM Entry Level High Volume Storage and Sales

Questions and Answers: 85 Q&As

Exam Description

Order : [000-117 Exam](#)

1. Just4Cert offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 000-117 Exam.

Just4Cert **Practice Exams** for 000-117 are written to the highest standards of technical accuracy, provided by our certified subject matter experts and published authors for development.

3. 100% Guarantee to Pass Your **IBM certifications III** exam and get your **IBM certifications III Certification**.

We guarantee your success in the first attempt. If you do not pass the **IBM certifications III** "000-117" (IBM Entry Level High Volume Storage and Sales on your first attempt, send us the official result. We will give you a FULLY REFUND of your purchasing fee and send you another same value product for free.

4. Just4Cert IBM certifications III 000-117 Exam Downloadable.

Our PDF or Testing Engine Preparation Material of IBM certifications III 000-117 exam provides everything which you need to pass your exam. The IBM certifications III Certification details are researched and produced by our Professional Certification Experts who are constantly using industry experience to produce precise, and logical. You may get "000-117 exam" questions from different websites or books, but logic is the key. Our Product will help you not only pass in the first IBM Entry Level High Volume Storage and Sales(IBM certifications III) exam try, but also save your valuable time.

Comprehensive questions with complete details about 000-117 exam.

000-117 exam questions accompanied by exhibits. Verified Answers Researched by Industry Experts and almost 100% correct.

Drag and Drop questions as experienced in the Real IBM certifications III exam. 000-117 exam questions updated on regular basis.

Like actual IBM certifications III Certification exams, 000-117 exam preparation is in multiple-choice questions (MCQs). Tested by many real IBM certifications III exams before publishing.

Try free IBM certifications III exam demo before you decide to buy it in <http://www.Just4Cert.com>

High quality and Valued for the 000-117 Exam: 100% Guarantee to Pass Your 000-117 exam and get your IBM certifications III Certification. Come to <http://www.Just4Cert.com> The easiest and quickest way to get your IBM certifications III Certification.

Just4Cert professional provides IBM certifications III 000-117 the newest Q&A, completely covers 000-117 test original topic. With our completed IBM certifications III resources, you will minimize your IBM certifications III cost and be

ready to pass your 000-117 test on Your First Try, 100% Money Back Guarantee included!

000-117 Exam Study Guide

000-117 exam is regarded as one of the most favourite [IBM certifications III Certifications](#). Many IT professionals prefer to add 000-117 exam among their credentials. Just4Cert not only caters you all the information regarding the 000-117 exam but also provides you the excellent 000-117 study guide which makes the certification exam easy for you.

Just4Cert Engine Features

Comprehensive questions and answers about 000-117 exam

000-117 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

000-117 exam questions updated on regular basis

Same type as the certification exams, 000-117 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 000-117 exam demo before you decide to buy it in Just4Cert.com

Just4Cert Help You Pass Any IT Exam

[Just4Cert.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : IBM 000-117

Title : IBM Entry Level High Volume Storage and Sales

1. A customer has a heterogeneous environment. They want the ability to scale their storage infrastructure to meet rapidly changing business conditions.

Which of the following would be most appropriate to discuss with the customer?

- A. Business Continuity
- B. On Demand Environment
- C. Tiered Storage Hierarchy
- D. Information Lifecycle Management

Answer: B

2. The customer has a messaging system running on a server with internal SCSI drives. The customer believes that they need to convert to updated storage. What type of storage solution does the customer have, and what would be easiest IBM Storage Subsystem to implement to satisfy their requirements?

- A. NAS - EXP1000
- B. DAS - DS3200
- C. SAN - DS4200
- D. DAS - DS4700

Answer: D

3. Which storage technology allows the greatest distance between the server and the storage without use of routers or other devices?

- A. iSCSI
- B. SAS
- C. SCSI
- D. Fibre Channel

Answer: D

4. A customer needs storage with at least 2GB of battery-backed cache per controller and at least 12 drives. Which solution meets the customer's requirements?

- A. EXP3000
- B. DS3200
- C. DS3400
- D. DS4700

Answer: D

5. When migrating older data from a more expensive disk to a less expensive disk, which of the following drive technologies would be the most appropriate choice for housing the migrated data?

- A. Ultra SCSI
- B. EIDE
- C. SAS
- D. SATA

Answer: D

6. A customer is planning a VMware V13 installation and will be using VMotion. Initially they need 2TB with the ability to grow up to 14TB of Fibre Channel disk space and redundant connections for up to three servers without the use of switching. What is the storage solution that meets these requirements?

- A. EXP3000
- B. DS3200
- C. DS3400
- D. DS4700

Answer: D

7. A customer is considering using an archived data management application. Which of the following drive technologies would be the most appropriate choice for housing the archived data?

- A. SATA
- B. EIDE
- C. SAS
- D. Ultra SCSI

Answer: A

8. A customer is running a database in a Linux cluster environment. What solution should be used to provide a stable environment for Data Sharing?

- A. Commonstore
- B. DS3300 with IP Replication
- C. General Parallel File System (GPFS)
- D. Linux server with DS3400 storage systems

Answer: C

9. A customer has identified that their storage needs are growing 12% to 15% per year. Their current storage requirements are 22TB and will need 6TB more within the next three months. What discussion points should you target with your customer to address their concerns?

- A. DS3400 supports hot add drive and EXP3000 for on demand storage provisioning
- B. DS4200 supports RAID 0, 1, 3, 5, 6, 10 for added data protection
- C. DS3300 supports iSCSI for low cost access of multiple servers
- D. DS4700 supports RedHat Linux with Samba for storage sharing

Answer: A

10. A customer has a DS3300 and a tape library. They have expressed a concern that the SAS, SATA and tape storage is not being utilized effectively. You have been asked to give a short presentation on all forms of backup and

recovery, including Advanced Copy Services.

Which of the following is a key point to highlight during the presentation?

- A. Running FlashCopy for point-in-time copies to streamline backup process
- B. Using Volume Copy to migrate infrequently accessed data to less expensive storage
- C. Consolidating multiple storage controllers to one disk solution
- D. Migrating data to new tape technology to increase library capacity

Answer: B

11. A customer's major concern is the high cost of implementing a Storage Area Network. They need to consolidate storage and share data while utilizing existing network infrastructure.

Which IBM product should be proposed?

- A. DS3300 Storage Systems
- B. DS3200 Storage Systems
- C. DS4700 Storage Systems
- D. SAN Volume Controller

Answer: A

12. A customer is concerned with their growing database. Currently they have System x servers with SCSI drives. They are concerned about performance.

What are some of the issues to improve performance keeping cost as a concern?

- A. Activate additional cache modules
- B. Change to 15k RPM FC disk drives
- C. Move the database onto networked attached storage
- D. Change RAID Configuration on the storage

Answer: B

13. When trying to calculate usable disk space while modeling different RAID levels, what tool would you use?

- A. PSxRef
- B. COG
- C. DS4000 Space Calculator
- D. Storage Magic

Answer: C

14. A rapidly growing customer is concerned with the possibility of a natural disaster occurring in the area. They currently have two System X servers, both being backed up locally to an IBM TS3200 Tape Library. Tapes are taken offsite nightly.

What is the next level of disaster recovery keeping cost as a concern?

- A. Activate Enhanced Remote Mirroring between the production and remote location.
- B. Make multiple copies of the data each night for local and remote use.
- C. Move the tape library to a remote location and perform backups nightly.
- D. Duplicate the existing production environment at a remote location.

Answer: C

15. In order to mirror data over a typical WAN using the Enhanced Remote Mirroring premium feature, which of the following devices needs to be provided as part of the overall solution?

- A. FC to IP router
- B. DS3300
- C. x3650 with ServRAID Card
- D. SCSI to Fibre channel bridge

Answer: A

16. Your customer needs the ability to provision many servers into his infrastructure quickly and have on demand access to storage within their Ethernet network. Which storage system would provide ease of on demand storage with the customer's current infrastructure?

- A.DS3200
- B.DS3300
- C.DS3400
- D.EXP3000

Answer: B

17. A customer has a DS4000 and a tape library. They have expressed a concern that the storage is not being utilized effectively. You have been asked to present a short presentation on Information Lifecycle Management. Which of the following is a key point to highlight during the presentation?

- A.Running Global Mirror for remote replication
- B.Archiving infrequently accessed data to less expensive storage
- C.Consolidating multiple storage controllers to one disk solution
- D.Migrating data to new tape technology to increase library capacity

Answer: B

18. A customer asks you to recommend a storage subsystem that supports SATA ONLY. Which IBM storage model would you recommend?

- A.DS4700
- B.DS3300
- C.EXP810
- D.DS4200

Answer: D

19. Which is a capability of Enhanced Remote Mirroring (ERM)?

- A.One-to-many copy replication
- B.One-to-One copy replication
- C.Replication to a DS3000 storage system
- D.Multiple consistency groups

Answer: B

20. Which of the following topics should be discussed with the customer FIRST, prior to designing a backup and recovery solution?

- A.Off-site tape recovery
- B.Disaster Recovery Plan (DRP)
- C.Recovery Point Objective (RPO)
- D.Availability of a secondary site

Answer: C
